Another highlight of the season was the victory over arch rival Woodlan in a thriller 62--60. The Purple and White finished a fine season giving the Redskins of Northside a scare during sectional play.

what next?

After high school, what: travel, work, service, college or technical school?

Regardless of your choice, how far you go in this space age depends partly on your imagination but primarily on your education and training. Conquering new horizons will demand more knowledge, more skills, more training and more specialization.

Our free-enterprise system, the backbone of our country, has given us the highest standard of living in the world and the greatest degree of individual freedom. And it offers you the opportunity to make your mark in any field of endeavor you choose.

The Staff of the 1969 Oracle would like to thank all the people who have helped us in compiling this yearbook.

First, we would like to thank Mr. Jones, and the faculty, and staff of Leo High School for their cooperation.

We would also like to thank Mr. Seabold for all the time he spent taking and developing pictures.

We would like to extend a special thanks to our advisor Mrs. Cass who has aided us in meeting each hectic deadline and given each staff member needed moral support.
